

Our Mission

The mission of the Division of Minority and Women's Business Development is to promote equality of economic opportunities for Minority and Women Business Enterprises (MWBEs) and to eliminate barriers to their participation in state contracts. Specifically, the Division implements Article 15-A of the Executive Law, which codifies the state policy of supporting participation of minorities and women in state contracts.

The Division's Three Key Objectives:

Certification

- Review applications by businesses seeking MWBE certification or re-certification with New York State, and maintain a directory of certified MWBEs.

Utilization/Agency Services

- Encourage and assist state agencies that are engaged in contracting activities to award a fair share of state contracts to MWBEs. Monitor and track agency compliance and utilization of MWBE firms.

Business Development

- Promote the business development of MWBEs through education and outreach to agencies and MWBEs.
- Work with community based organizations and MWBE business advocacy groups.
- Develop programs designed to assist the growth and development of businesses owned, operated and controlled by MWBEs.

"Certification is a crucial step to growing my business. This has been a big step forward in my journey to obtaining contracts with the state."

Stanley Miles, Sr.

Certification Program

Who is eligible?

All firms seeking MBE or WBE certification must be at least 51% owned, operated and controlled by minority members and/or women.

The ownership must be real, substantial and continuing, and the minority members and/or women must exercise the authority to independently control the day-to-day business decisions.

In addition, each minority or woman upon which certification is based, must have a net worth which does not exceed \$3.5 million. This calculation should not include the ownership interest in the applicant firm, the primary residence of the owner(s), and \$500,000 of present cash value of any qualified retirement savings plan, or individual retirement account held by the individual less any penalties for early withdrawal.

The firm cannot exceed 300 employees, must be independent and authorized to do business in New York State. Generally, the business must be in operation for at least one year.

Where should I submit the application?

All applications must be signed, notarized, and submitted with all required supporting documentation to the address below:
